

**HistologiX, is a leading independent GLP compliant laboratory for the provision of Immunohistochemistry (IHC), Histology, Digital Pathology and Image Analysis Solutions, to progress drug development programmes in the Pharmaceutical and Biotechnology sectors.**

We are currently looking to recruit a new member to the HistologiX team to support the maintenance and continuous improvement of the HistologiX Quality system. This is a unique opportunity to work with our Client's and staff to ensure improved quality in our processes and support the delivery of a first-class service to our Clients.

The ideal candidate will be responsible for performing quality assessments on the operational processes and ensuring these systems are compliant, implemented, and user-, client-, and business- friendly. You will be required to support regulatory inspections and liaise with regulatory bodies as required as well as performing internal audit functions: process audits, assay audits, documentation audit, etc.

The role will be based in the HistologiX laboratories in Biocity Nottingham during regular business hours.

You will have a degree or higher qualification in a Life Science, ideally with Quality experience, preferably within a GLP environment. You will have excellent written and verbal communication skills coupled with the ability to prioritise multiple tasks and have the confidence to challenge existing systems & processes.

If this sounds like you, contact Barbara McManus at [barbara.mcmanus@histologix.co.uk](mailto:barbara.mcmanus@histologix.co.uk) for an informal discussion in the first instance.
